

2019 ELECTIONS
CHAMBERS OF AGRICULTURE

**TAKING ACTION TO MAKE OUR DEMANDS
HEARD**

The bosses and Government are battering the collective benefits secured by agricultural workers and will stop at nothing to lower salaries and increase working hours. One of their aims is to divide workers and bring down their social status, so as to subsequently force low salaries and deteriorated and unworthy working and living conditions on them.

It is in the interest of agricultural workers to band together and organise, so that their demands are satisfied.

Our central demands:

- An improved statutory coverage,
- Increased salaries,
- Payment for all hours worked and increased pay for overtime served,
- The extension of permanent (open-ended) working contracts to all workers,
- The end of job insecurity,
- Due recognition for qualifications,
- A reduction in working hours, without loss of salary,
- High-level social coverage and free access to healthcare,
- Improved working conditions,
- Retirement at age 55,
- The institution of a fund guaranteeing paid leave,
- Decent housing conditions,
- The development of free, public collective transport,
- Stronger union rights.

The CGT defends these claims for all agricultural workers. To advance our common cause, joining the CGT is an effective means of action. Vote CGT at the next Chamber of Agriculture elections in 2019 and you will strengthen the union that defends your rights.

**Together, we can triumph!
Join the CGT!**
